## 7.1.1 Gender Equity

### DETAILS OF STUDENTS ADMITTED IN THE COLLEGE DURING LAST FIVE ACADEMIC YEARS 2018-23

Academic years	2018-19	2019-20	2020-21	2021-22	2022-23
Total	1525	1498	1794	2568	1803

The above data shows that, students admitted in the various courses in last five years. In 2018-19 academic years total 1525 students were admitted in the college. In 2019-20 academic years, a slide decline in student admission is recorded with regard with to the 2018-19 academic sessions. After 2019-20, a significant improvement is recorded in respect of student admission, and it is continuously improved till 2021-22 academic year. After 2021-22 academic years, a slide decline in student's admission is observed in academic session of 2022-23. A different picture is witnessing during 2019-20; a minor falls in student admission due to COVID 19 outbreak, after COVID 19, a significant improvement is recorded in student admission during academic session 2020-21 to 2021-22. With respect to 2018-19, about 1.77 percent decline in student enrolment recorded in 2019-20 academic session. On the other, nearly twenty percent improvement in student enrolment is recorded in 2020-21 with regard to 2019-20 academic sessions. Further, about 41.47 sharp improvements are recorded in 2021-22 academic session with respect to previous academic session. Furthermore, after academic session 2021-22, a significant decline in student's enrolment is recorded during academic session 2022-23.

The statistical record regarding student admission with to caste and categories, it is evidence that the college has followed the government of India reservation rules and regulation to complete the admission procedure. The documents related to admission show that, about 60 to 70 percent student's admitted under General category. About 20 to 30 percent student's admission are completed under OBC category. Further, 5 to 7 percent student's admitted students are from SC category. As the area is minority dominated and share of ST population is insignificant, therefore participation or share of ST student is very in significant. Though, college always try it best to accommodate maximum number of SC and ST student as much as possible. Therefore, a steady improvement in SC and ST student admission is recorded after 2019-20 academic session. In 2018- 2019 academic year, the share of SC student was 5.54 percent with regard to total student. Further, in 2018- 2019 academic year, the share of ST student was 0.08 percent with regard to total student. Similarly, in 2019- 2020 academic year, the share of SC student was 4.27 percent with regard to total student. Similarly, in 2019- 2020 academic year, the share of SC student was 0.12 percent with regard to total student. Furthermore, during 2020-21 academic sessions, the share of SC student was 4.76 percent with regard to total student. Similarly, during 2020-21 academic sessions, the share of ST student was 0.09 percent with regard to total student. The share of SC student during 2022-23 has been recorded 6.19 percent.

The above data shows that, share of SC category male and female students admitted in the various courses in last five years. In 2018-19 academic years the share of female SC student was 46.56 percent, which is nearly 8 percent lower than their male counterpart. In 2019-20 academic sessions, the scenario has been dramatically changed in case of SC female enrolment in regard to male SC enrolment. About 19 percent higher enrolment recorded in case of female student with regard to male. Further, this trend is continuing till date. After 2021-22 academic sessions, a slide improvement has recorded in case male SC student's enrolment with regard to two previous year enrolment ratio. Therefore, the data shows that in last five year, SC female enrolment ratio remains higher than the male enrolment, apart from 2018-19 academic year. This is also observed that, after 2018-19 academic sessions, trend of female SC enrolment is continuously improving till 2023-24. This may be due to the awareness among the SC communities and families of the female students as well as government welfare scheme for the girl's students.

## SHARE OF MALE AND FEMALE STUDENTS IN LAST FIVE YEARS

The above data shows that, share of ST category male and female students admitted in the various courses in last five years. It shows that till 2020-21 academic years the share of female ST student was significantly lower than the share of ST male counterpart. In 2018- 19 academic sessions, the share of ST male enrolment was 100 percent. In 2019-20 academic years, the share of ST male dropped 33.33 percent where as share of female ST student's enrolment increase by 33.33 percent. Here it is important to note that the scenario has been drastically changed in case of ST female enrolment in regard to male ST enrolment 2020-21 academic years. In 2020-21, academic year female enrolment goes to 83.30 percent, which is fivefold higher than male enrolment and the trend is continuing till 2023-24. This may be due to the awareness among the ST communities regarding girl's education.
