6	The pre-requisite courses are appropriate for this course.			3		
7	The students' attendance and respond is satisfactorily.		4			
8	There is an ample scope to adopt new techniques of teaching such as seminar, presentations, group discussions, projects, etc.		1		2	
9	The course/syllabus has a good balance between theory and Laboratory-work.		4			
10	The course/syllabus of this subject has increased my knowledge and perspective in the subject area.			3		

Recommendations for course improvement (Please specify topics that should be added/dropped from the course, new books to be recommended, changes in teaching scheme and experiments, etc. if any)

There are many advantages, but several problems remain. For example: Seminars, presentations, group discussions are very less. It is better to take initiative towards them. Also adequate amount of syllabus oriented book is required.
