Report

on

Women's day celebration

Women's Day was celebrated at Murshidabad Adarsha Mahavidyalaya on Thursday, March 9, 2023. Women's Day is celebrated on March 9 instead of March 8 because of the Dol Yatra holiday. A function was organized on this occasion. Professor Papia Biswas, head of the department of history, presided over the function. Professors of each department and a female education worker were present as special guests on the occasion. All professors, teaching staff and our beloved students were also present as guests. Valuable speeches were delivered on the occasion by the Acting Principal and the President of the day, besides other guests. The opening song was performed by four students at the college. Students from all departments and some students wrote posters, paintings, covers and impromptu drawings and poems on women's issues. An impromptu quiz and prize on women were organized which was enjoyed by the students. Students performed yoga for women awareness. All in all, the day's event was a huge hit among the students, the college and beyond. The mantra that women must go further in their actions, fight intelligently in every sphere of life has emerged through everyone's speech. The fight for women's self-empowerment, which started a long time ago, should be done more consciously in the future with the hope of achieving this objective, the event has been announced.
