MESSAGE FROM THE DESK OF PRINCIPAL/ TIC:

National Service Scheme (NSS) was introduced in 1969 with the primary objective of developing the personality and character of the student youth through voluntary community service. The NSS is part of our academic, social and personal life. It allows the students to actively contribute their services for the cause of community and the nation, thus helping them develop their personality and to grow individually and as a group. Volunteering for various tasks under NSS activities allows student to become confident, develop leadership skills, and learn about different people from the different sects of life. As such, the NSS is the right platform, where the students-youth of the nation may get to involve with real-life social activities, and thereby become responsible citizen of India.

FORMATION OF NSS UNIT FOR THE SESSION 2021-22:

To form the NSS Unit for the session 2021-22 a meeting has been arranged on 11/8/2021 by the consent of TIC, Shri Basob Ghosh. The meeting was held on online mode on the following agenda:

1. Selection of Programme Officer.
2. Selection of other NSS Committee Members.

As per the agenda, it was unanimously decided that Papia Biswas from the department of History will remain the Programme Officer for the session 2021-22. It was also unanimously decided that the names of Tarun Samui, Dhananjoy Mahato, Debasis Mahanto are included as the committee member of the NSS unit. [See the Annexure 1]

8. **Outcome:** We detected 13 Thalassemia disordered persons in that screening programme. Of them 11 persons were carriers of the Thalassemia whereas 2 persons were patients. Those 11 persons where carriers of the Thalassemia are regularly counseled and those 2 positives candidates were sent to Murshidabad Medical College & Hospital. At present Thalassemia Screening, particularly of people in the premarital phase of life, is important because it can provide early detection of thalassemia carriers and help to prevent new cases. It ensures that your child does not suffer from Thalassemia, a crippling lifelong blood disorder. To screen such fatal disease our NSS unit stood as torchbearer in this remote area of Murshidabad where maximum people are below or at the border line of education.
