MESSAGE FROM THE DESK OF PRINCIPAL/ TIC:

National Service Scheme (NSS) was introduced in 1969 with the primary objective of developing the personality and character of the student youth through voluntary community service. The NSS is part of our academic, social and personal life. It allows the students to actively contribute their services for the cause of community and the nation, thus helping them develop their personality and to grow individually and as a group. Volunteering for various tasks under NSS activities allows student to become confident, develop leadership skills, and learn about different people from the different sects of life. As such, the NSS is the right platform, where the students-youth of the nation may get to involve with real-life social activities, and thereby become responsible citizen of India.
